

Service Page Display

1. Service Name, Description and pricing plan shall be display without need to scrolling down.
2. Request call back form as mentioned in below image 1.1 will have to be at just after menu when customer scroll down in service page so that customer can send request for call back without leaving current viewing page.

The screenshot shows the top navigation bar of the Rapport HR Solution website. It includes the company logo, contact information (+1-800-456-478-23, Rapport@mail.com), and social media links. Below the navigation bar is a 'Request Callback' form with input fields for 'Enter full name', 'Enter email id', and 'Enter Mobile number', followed by a 'SUBMIT' button. A note below the form states: 'This form will have to be at this position when customer acrol down in each and every service page for customer's to contact us without leaving current view window.'

3. Plan box are not similar in size, this looks very odd. Also remove extra space from plan feature and make little small font so that content can be manage in single line.

The image displays three pricing plans for Rapport HR Solution, each with a 'CHOOSE PLAN' button. The plans are:

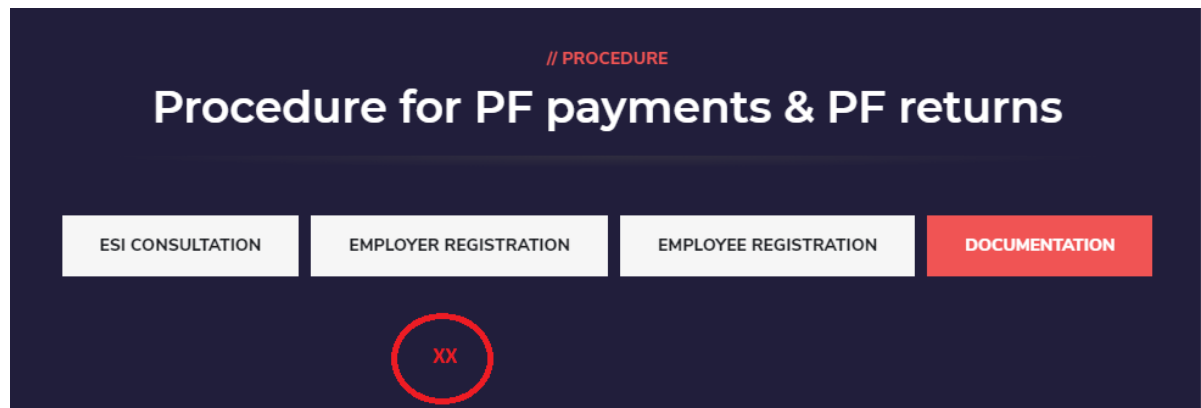

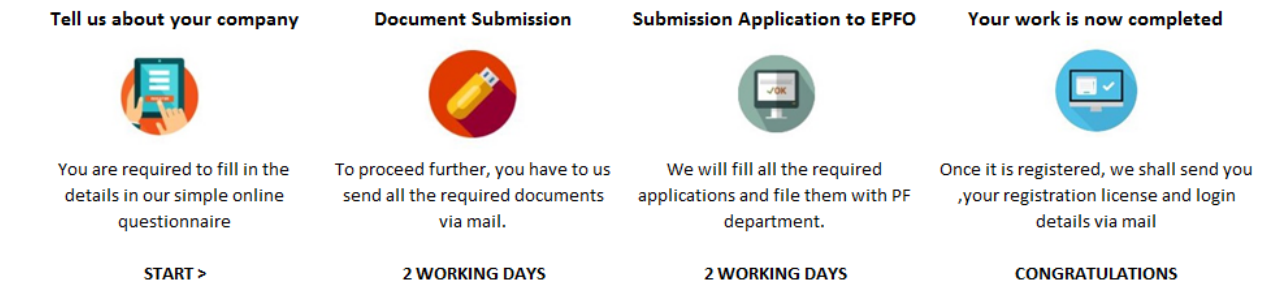

- Rapport START**: Rs. 2500 (Rs. 2500 + GST@18%). Features include: Free Consultation, Document collection & submission, Document Drafting, Application Filing, Submitting Application to ESIC, and Follow-ups with ESIC.
- Rapport SELECT**: Rs. 4000 (Rs. 4000 + GST@18%). Features include: All services of Rapport Start and Obtaining Insurance numbers for employees upto 50 employees.
- Rapport SUPER**: Rs. 5000 (Rs. 5000 + GST@18%). Features include: All services of Rapport Select and Obtaining Insurance numbers for employees upto 100 employees.

4. After giving callback option at top of the service page, **Contact US** after plan is not required. Please remove this and plans and about service.
5. **Procedure for + <<Service Name>> should be there but it is hardcoded text for all service PF payments & PF returns**

// PROCEDURE
